Your Solutions Partner

Today's fast-paced, hyper-competitive environment puts a premium on ongoing innovation and continuous improvement. At Duke, these qualities are deeply ingrained in our corporate culture and way of doing business.

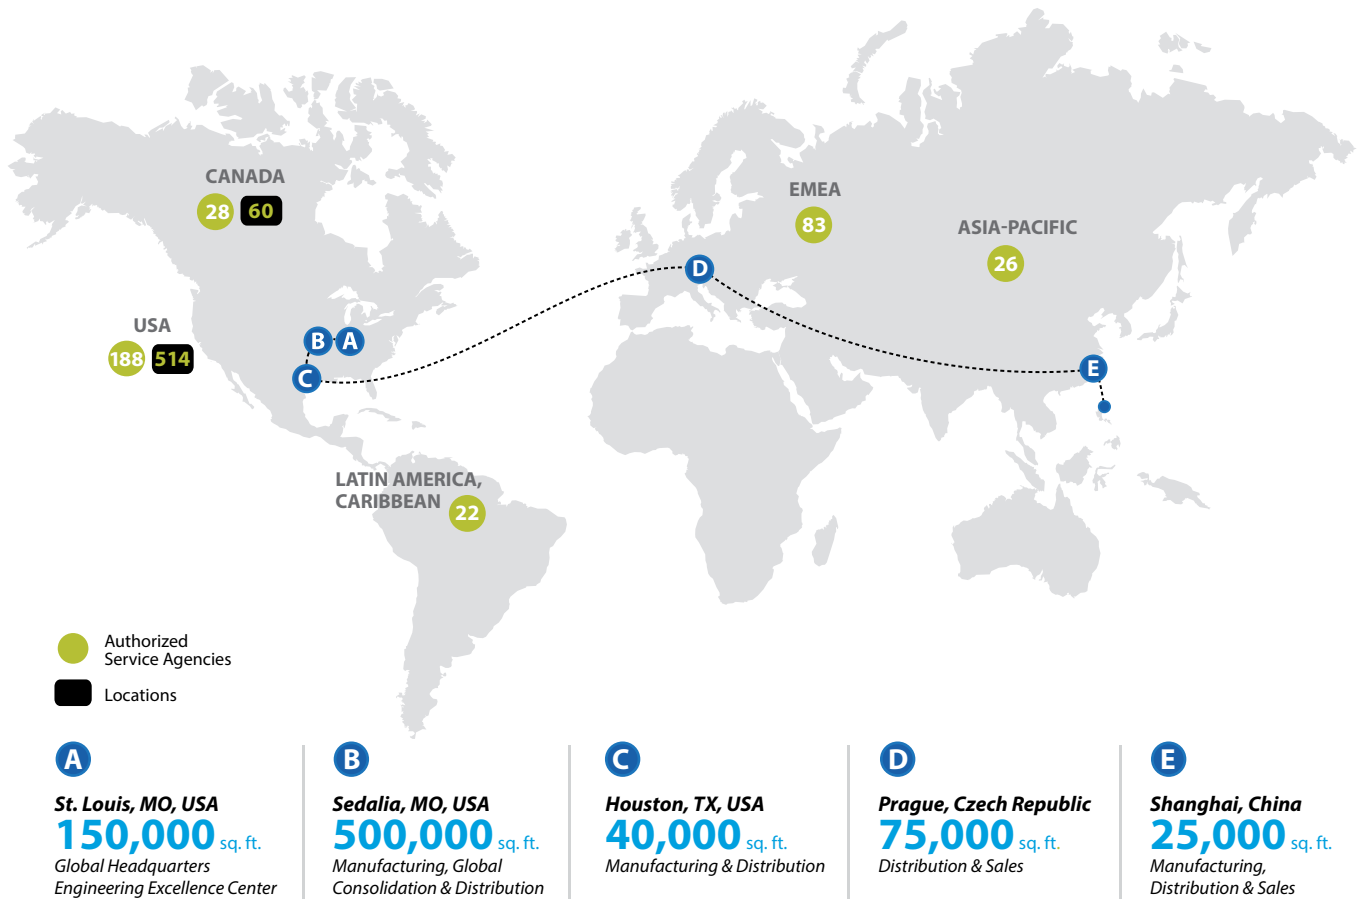

We believe you deserve access to world-class processes, people and facilities. To that end, we invest not only in state-of-the-art hardware like robotics and laser cutting and welding equipment, but also in process enhancement, best practices and our environment through utilization of Six Sigma, Lean Manufacturing,

5S and ISO 9001 and ISO 14000 certification.

Our expanding list of business partners include many of the fastest growing, most dynamic and forward-thinking names in the food-service industry.

- Extensive technology portfolio
- Advanced engineering capabilities
- Comprehensive culinary & foodservice operations knowledge

By partnering with Duke, you'll position your operation for growth now, and in the years ahead.

READYFLEX™

HOT HOLDING CABINET

Any Menu. Anywhere. Anytime.

The Duke ReadyFlex™ Hot Holding Cabinet offers outstanding food quality and ultimate flexibility. Operate at ideal holding temperatures across all menu combinations and pan sizes utilizing the intuitive and colorful touch screen controls.

Food is always hot, fresh & ready **where & when** you need it.

5 Reasons to Choose the Duke ReadyFlex™

1 Ultimate Holding Environment

2 Broad Menu Flexibility

3 Intuitive Touchscreen

4 Recipe Management

5 Built-in Connectivity

1. Ultimate Holding Environment

- **Quickly transitions cooked food to the ideal hot holding temperature**
- Shortened duration of carryover cooking
- Minimized moisture reduction in food
- Maintains ideal texture and color of food
- Enables increased service speed and **maintains a high food quality standard for any menu or environment**

2. Broad Menu Flexibility

Heating

- Independent top and bottom heat with **multiple heat zones per shelf**
- Allows operation at ideal holding temperatures across all menu combinations

Flexible Lid System

- **Accommodates multiple pan configurations** that work together: 1/3, 1/2, and full sizes with depths of 2.5" and 4" plus 1/2 size sheet pans
- **Doesn't require the use of tools**

The food is hot, fresh and ready where and when you need it!

3. Intuitive Touchscreen

Works with gloves!

Managing recipes on-site has never been easier with the easy-to-use touchscreen control.

- Quickly program, configure and store recipes on the face of the unit
- Wells and lids are **colorfully represented** for easy identification
- Switch between 3 customized menus with one touch

Program recipes on the unit

Color-coded well status

4. Recipe Management

LOCAL

Add, edit, & store recipes on the unit

- **Color touch screen** that is easy to learn and program
- 15 popular recipes pre-loaded
- Recipe library holds up to 30 recipes
- Up to **3 customized menu configurations**
For example:
 - › breakfast/lunch/dinner
 - › weekdays/weekends/specials

REMOTE

Built-in Bluetooth capability & WiFi for connecting remotely

- **Program recipes** from your computer, phone or tablet and utilize **unlimited storage** via your DCEP (Duke Connected Equipment Platform) cloud account
- **Distribute recipes** to your kitchen, a couple of restaurants, a region, nationally, or globally

Whether local or remote, you can adjust: top heat, bottom heat, hold time, cook more, FIFO, well configuration, menu/daypart settings

5. Built-In Connectivity

The ReadyFlex has **built-in WiFi, Ethernet and Bluetooth connectivity**. ReadyFlex is ready to connect when you are through the Duke Connected Equipment Platform (DCEP) and Bluetooth mesh capabilities. With DCEP you can access **remote recipe management, basic diagnostic capability and asset management tools**. ReadyFlex is ready to interact with 3rd party cloud and on-premise solutions.
