

A VOLLRATH® COMPANY

Outperform every day.™

F231

SMART. SLIM. STRONG.

Twin twist, gravity freezer ideal for self-serve frozen yogurt and smooth, creamy ice cream. Driven by true profitability, the F231 is backed by the best warranty and support. All so you can outperform every day.

Slim Design

Only 19 1/4" wide – small footprint is the ideal choice for locations where space is limited.

Self Diagnostics

Powerful IntelliTec2™ control communicates with the operator through a multi-line graphics LCD using full text instructions. Control optimizes machine performance with Wi-Fi capabilities.

Eco-Friendly

More output with less power usage versus our competition – results in long-term savings and smaller store electrical service requirements.

Self-Closing Spigot

Eliminates waste and assures precise portion control.

ADA Compliant

F231-AD1 unit: spigot handle height meets ADA requirements for self-service environments.

Clear Door

Displays visible product for additional merchandising appeal.
